Professional Summary

MERN Stack Developer skilled in React.js, Node.js, Express.js, MongoDB, JavaScript and RESTful APIs with experience building responsive and scalable full-stack applications. Familiar with Python, AI/ML, database management, Data Structures and Algorithms and AI-powered application development.

Technical Skills

Frontend	HTML5, CSS3, JavaScript (ES6+), React
Backend	Node.js, Express.js
Database	MongoDB
Tools	GitHub, Postman, VS Code
Languages	Java, Python

Internship Experience

Full Stack Development

ANP Soft Tech, Coimbatore

- Developed responsive web applications using React and modern CSS.
- Integrated frontend with backend services using RESTful APIs.
- Improved UI performance and user experience through component optimization.

Artificial Intelligence and Machine Learning

United Soft Tech, Salem

- Applied Python, Machine Learning, Artificial Intelligence, Data Preprocessing, Model Training, and Model Evaluation concepts.
- Worked with Machine Learning algorithms, feature engineering, data analysis, and predictive modeling.
- Developed and evaluated AI/ML models to solve real-world problems.

Projects

AI Resume Analyzer

- Developed an AI-powered SaaS application for resume analysis, ATS scoring, keyword matching, and job-role matching.
- Implemented skill-gap identification, missing keyword detection, and AI-driven resume improvement recommendations using Puter.js.

Movie Recommendation Using KNN-algorithm

- Developed a content-based movie recommendation system using the K-Nearest Neighbors (KNN) algorithm to recommend similar movies based on user-selected titles.
- Implemented data preprocessing, feature extraction, similarity analysis, and recommendation logic to generate relevant movie suggestions.

Education

KSR College of Engineering

CGPA: 8.6

Computer Science and Engineering

Saraswathi Matric Higher Secondary School

92%

Higher Secondary Education

Saraswathi Matric Higher Secondary School

93%

Secondary School Education

Certifications

- Automate the Boring Stuff with Python Programming - Udemy

Achievements

- Solved 30+ coding problems on LeetCode to strengthen problem-solving and data structure skills.
- Participated in technical workshops and coding events to enhance web development and problem-solving skills.
- GDG Member at K.S.R. College of Engineering, actively participating in developer events, workshops, and technical activities.
